

REMARKS

This application is a divisional of U.S. Application Serial No. 10/147,907, filed May 20, 2002. On August 26, 2003, an Office Action issued in the '907 application subjecting such application to an election/restriction requirement.

As originally filed, the claims in the '907 application, and thus the claims in this divisional application, were numbered as claims 1-259. Because of a numbering error in these claims, in actuality, there are 269 claims in the application. The present Preliminary Amendment is being submitted to correct the numbering error in the claims of this Application as originally filed. In particular, originally filed claims 210 to the first originally filed claim 247 appearing at pages 105 to 113 of the Application specification have now been renumbered as claims 220-257, respectively. Originally-filed claims 1-55, 99-203, and second originally-filed claim 247 to originally-filed claim 259 are being cancelled by this Preliminary Amendment, since such claims are being presented for examination in the '907' application. With the renumbering of the

OZGUR et al.
Serial No. Not Yet Assigned

erroneously-numbered claims, remaining claims 56-98 and 204-257 are being presented for
examination in this application.

An early action on the merits is respectfully requested.

Respectfully submitted,

NIXON & VANDERHYE P.C.
